**POLICY ON APTA HOUSE OF DELEGATES (HOD)**  
**DISTRICT AND DELEGATE RESPONSIBILITIES**

1. Each district shall elect at least one alternate delegate at the same time that delegates are elected to their 2-year term. Elections should comply with existing PPTA bylaw requirements.
2. Delegates are required to attend all meetings of the Pennsylvania delegation scheduled by the Chapter's Chief Delegate.
3. If a delegate is unable to attend all of the scheduled meetings of the delegation prior to the HOD, is unable to attend the meeting of the HOD and/or is found ineligible to serve for some other reason, he/she forfeits his/her position as a delegate to the next available elected alternate from their District. If an alternate delegate from his/her District is not available the Chief Delegate, based on the apportionment formula, will identify an elected alternate from another District. In the event that no alternate delegate can be identified, the Chief Delegate will carry the extra vote (s) at the House of Delegates.
4. Conflicts with scheduled meetings prior to the HOD must be reviewed with the Chief Delegate as soon as the delegate becomes aware of the conflict. Consideration will be given to approving an absence from scheduled meetings when the conflict is not within the control of the delegate. The decision on approving the absence will be solely the responsibility of the Chief Delegate, however, the delegate may appeal the decision to the Executive Committee through the Chapter President.
5. When an elected alternate delegate is moved to delegate, he/she would also fill the remainder of the delegate term. The delegate who originally could not fulfill their term would have the opportunity to become the elected first alternate delegate from that district.
6. Delegates must register with the HOD officers prior to the HOD according to the schedule published by the APTA. Failure to register will result in the loss of the delegate's seat in the delegation and the delegate will receive no expense reimbursement from the PPTA.
7. Delegates are expected to attend all scheduled PPTA caucuses and must attend all sessions of the HOD. The Chief Delegate may waive this requirement in the event of dire circumstances. Any sessions that a delegate misses without the approval of the Chief Delegate will result in a proportional reduction in the delegate's total reimbursement prorated on the percentage of HOD sessions attended (e.g., if there are 4 sessions of the HOD and delegate attended 2, they would only receive 50% of the maximum allocation for a delegate). The decision of the Chief Delegate may be appealed to the PPTA Executive Committee through the Chapter President following the HOD.

**APTA HOUSE OF DELEGATES**  
**APPORTIONMENT OF PPTA DELEGATES**

The APTA makes an allocation of delegates to the Pennsylvania Chapter based on the membership of the Chapter on June 30 of a given year for the House to be held the following year. After allocating one position each for the Chapter Chief Delegate and the Chapter President, the remaining delegates are apportioned to the Districts based on the Districts percentage of the total Chapter membership, with each District entitled to a minimum of 1 delegate. The District membership number is equal to the total of the active and life members, and one-half of the affiliate and life affiliate members.

*Example: A District has 200 active, retired active, and life members, and 100 affiliate, retired affiliate, and life affiliate members. Using the formula above, the District membership number to be utilized for the apportionment would be 250. Assuming the Chapter membership number was 2500, the District would be entitled to 10% of the delegates. If the Chapter had 20 delegates to apportion, the District would receive 2.*

*As the Chapter rarely has the benefit of working with round numbers such as used in this example, the apportionment is often based on a partial number. If there are 3 delegates to be apportioned, and District A is entitled to 1.47 and District B is entitled to 1.57, District B would receive an apportionment of 2 delegates and District A would be apportioned 1 delegate.*

It is important however that each District attempt to slate more delegates than their apportionment. The reason for this is that it is not uncommon for a delegate to be unable to serve their full term, and the Chief Delegate must then appoint an alternate to serve as the active delegate. If the District has individuals who were slated but not elected, they would be the first individuals offered the opportunity to take the position of active delegate, and the Chief Delegate will offer the position to each unelected candidate in order of their popular vote. If however the District had no "slated but not elected" individuals, the position would be offered to an individual from the District with the next largest partial apportionment number until the position is filled. If there is no one available to fill the position, the Chief Delegate will carry the vote.

### **PPTA POLICY FOR APTA CANDIDATE SUPPORT**

All members of the Pennsylvania Chapter who are nominated and subsequently slated for an APTA office or Nominating Committee position will receive the following support:

1. When a PPTA member is a candidate for national office, the Chapter may host a reception or other social event after APTA elections to honor the candidate's contributions to the Chapter and potential for the Association.
2. All candidates are encouraged to request meeting times with the delegates to present a request for personal support. It shall be clear that this is a request for individual support and that each delegate is free to become involved in supporting a candidate or not. These meetings may occur at any of the delegate meetings (Fall-Spring-HOD caucuses).
3. All nominated candidates who are members of the Pennsylvania Chapter shall receive a copy of this policy at the time of their nomination.

### **POLICY FOR RECOGNITION OF INDIVIDUALS AT THE NATIONAL LEVEL**

At times PPTA members/students may be running for national office or be receiving APTA awards. In addition, the APTA may recognize non Physical Therapists as being supporters of the physical therapy profession.

Therefore, the PPTA would like to provide some mechanism to recognize these individuals who are being recognized at the national level.

Hershey chocolate bars from Hershey, PA may be distributed at the annual APTA House of Delegates. The wrapper will recognize those Pennsylvania individuals (Physical Therapists, Physical Therapist Assistants, Students, Others) who are either running for office and/or receiving an APTA award. PPTA Past Presidents who also fit into this category, even if they are no longer residents of Pennsylvania, will also be included on the wrapper.

### POLICY ON REIMBURSABLE EXPENSES

**Personal Auto Mileage:** Mileage occurring traveling to and from destinations to be reimbursed at a rate commensurate with IRS established rate. Currently, the rate is \$.054.

**Hotel Room:** Reimbursement maximum to allow \$100/allowable night. This brings the maximum reimbursement amount closer to the daily rate in common locations where PPTA conducts meetings and conferences. Volunteers are encouraged to share rooms if looking to minimize out of pocket difference of actual cost vs. maximum daily rate.

**Meals:** This proposed models current APTA Per Diem maximums.

- Daily Per Diem Maximum of \$65.
- Any meals provided by the PPTA will be deducted from the total daily per diem. For example; if PPTA is providing a meal, that meal would be deducted from the daily per diem maximum at the following rate:  
Breakfast \$12  
Lunch \$18  
Dinner \$35

### HOUSE OF DELEGATES REIMBURSABLE EXPENSES

With the House of Delegates typically held in larger cities with above average daily rates for hotel rooms as well as required airfare when location is not accessible via ground transportation, a maximum cap of \$1000/delegate is set.

- Maximum cap is based on attendance at the entire House of Delegates (Sunday to Wednesday). Delegates who only attend part of the HOD will receive pro-rated amount; as approved by the Chief Delegate.
- Delegates are encouraged to share rooms in order to minimize out of pocket expenses for accommodations. Daily hotel rates over the past 3 years has been \$250/night.

**CRITERIA AND PROCESS FOR DISTRICT CONTINUING EDUCATION**

- Districts submit continuing education plans to the Chapter Office and Conference and Continuing Education Committee (CCE) 30 days prior to the date of the presentation (title/topic, speakers, course objectives, duration and detail schedules if more than 1 hour in duration)
- Chapter Office will review the submitted materials for completeness, and if complete will forward the materials the CCE for review. If the submission is incomplete, the Chapter Office will contact the District and request missing or incomplete information.
- The CCE will review the submitted materials to approve and assign contact hours. If the presentation meets requirements, the CCE will approve the presentation, assign the contact hours and will notify the District and Chapter Office. If additional clarification is needed to make a determination about contact hours, the CCE will notify the District, list the areas of concern, and provide possible recommendations for changes.
- If the CCE and District remain in conflict after review, it will be referred to the PPTA Board Liaison to the CCE and if needed, to the Executive Committee for resolution.
- This process will be completed within 7-14 days of receiving final course or presentation proposal.

**GUIDELINES FOR RESPONDING TO CONSUMER REQUESTS FOR PT REFERRALS**

Assumptions:

1. The Board of Directors will fulfill its charge to identify physical therapists with special clinical expertise.
2. The Board of Directors will identify physical therapists based on the criteria proposed below.
3. The physical therapists identified agree to be listed in the PPTA Newsletter and Web Page.
4. The physical therapists identified agree that contact information can be provided to consumers upon request.
5. The physical therapists can be included in the referral list as long as they remain members in good standing of the APTA/PPTA.
6. As members of the APTA/PPTA, the physical therapists are bound by the Code of Ethics.

Criteria: PPTA staff, officers, and district directors may respond to consumer requests for PT referrals, provided the following criteria are met:

1. The physical therapist has agreed to be identified by the Chapter Office and listed in the PPTA Newsletter and/or Web Page.
2. The physical therapist is an active member in good standing of the American Physical Therapy Association/Pennsylvania Physical Therapy Association.
3. The physical therapist has identified him/herself as a Board Certified Clinical Specialist and/or has identified an area of clinical expertise.
4. The physical therapist has specified a geographic catchment area of practice.

Conditions:

1. PPTA reserves the right to exclude physical therapists who identify areas of expertise that are inconsistent with contemporary physical therapy practice standards.
2. Identification of physical therapists is based on APTA/PPTA membership, and is not an endorsement of skills or expertise. This list is compiled to serve as a directory of available therapists with specific skills.
3. Members of the Association are bound by the Code of Ethics.
